Sept—Oct Spotlight

(a series on what we love to do)

2021 Sponsors

For this month's spotlight....when we are out driving through town, how often do you see someone on their bike riding down Sayles Blvd. or South 1st St or downtown. Well.... we stopped a couple of those riders and here is what we found!

His name is Fred:

AND...he is 84 and rides 4 miles everyday in his neighborhood except when it is raining...then he will ride on his stationary bike.

AND...more than likely you contributed to his retirement! He owned Sonic Drive Ins in Abilene and the Big Country, Texas & throughout the USA! Don't you just love the 1/2 price drinks from 2-4!!

His name is Thomas:

AND...he loves the tall handlebars since it helps him sit up straight! The baskets are for groceries and carrying the dog. He has turned down multiple offers from individuals wanting to buy the bike. AND his wife has one just like it!
